

# CLUB SHOW 2023

## Labrador retrieverklubbens OFFICIELLA UTSTÄLLNING

arrangeras av LRK/region Östergötland den 4 juni

### Domarpresentation Maxine Woodley

I started working with Labradors at a small show hobby kennel when I was 15years old (1973!) this was because I was not allowed a dog of my own at home!  
The first Labrador I owned was a yellow bitch by Crestamere Trewinnard Skittle, who was a family pet that they didn't want anymore. I registered her as Avonleigh Gemmima and the very first litter I bred I used Ch. Squire of Ballyduff.

For many years I worked very closely with the Carpenny kennel which resulted in Penny Carpanini and I importing Tabithas Mirth and Hawksmoor Webster, although Mirth went back to Carol Heidel after her two litters, Webster remained living with me.

My first Uk champion was Sh Ch Secret Moment at Alkhamhurst, who incidentally my co judge for today gave the Dog CC to at Crufts in 2016! He was also awarded the reserve CC at Crufts in 2017 by Sheelin Cuthbert.

In 2016 I bought a puppy from Katrin Korf who became Sh Ch A Sense of Pleasures Yvli at Alkhamhurst, so far winning 11 challenge certificates. I am also very proud that my good friend JW Verhaag owns Int.CH Alkhamhurst Russell Square in Holland.

I have had the honour and pleasure to award CC's in the UK on 10 occasions and looking forward to my 11<sup>th</sup> next year! I have had the absolute privilege to judge Labradors all over Europe, Canada and later this year in the US.

Having never judged in Sweden and knowing what good dogs reside there I am so looking forward seeing your Labradors, thank you to the committee for extending the invitation to me.
